To whom it may concern,

We need Uber in Charleston SC. I live in Mount Pleasant and do not drive downtown when I'm going out for the evening and consuming drinks. Most people still do drive and it's terrible. But the cost of a taxi is so high, until uber came and it was half the cost. I've turned many friends onto riding Uber instead of driving. Safe, reliable and affordable. Please don't take this away.

Please reconsider your decision to ban Uber in SC! The cab companies here are inadequate and we need options for safe rides.

Bring Uber back!

Subject: Uber!

Uber is a super lovely service and around in so many major cities. I am from Charleston but have lived in San Francisco where Uber started for the past three years. I can't tell you how nice it was to come home and be able to use this great innovative service that I used so often in a mayor city like SF. I was proud of my city for being so advanced. Please let them stay.

Thank you!
